

Detailed Summary of Position:

The Friendly Callers 2SLGBTQ+ program is intended to identify older adults from the 2SLGBTQ+ community in the Thames Valley Region (Oxford, Elgin and Middlesex counties) that are at risk of loneliness and/or isolation. Loneliness can exist even when an individual has an active social life and is surrounded by others. Social isolation means that the individual does not have a lot of social contact with others whether it's related to mobility or health challenges, recent bereavement or other factors. Individuals can also be considered if they are older caregivers needing support with issues related to loneliness and social isolation due to caregiving demands. Once the participant has been identified, they will be offered weekly phone calls from a volunteer at a mutually agreeable time.

Services provided during the calls include supportive listening, advocacy, safety-check-in, and connection to additional resources as needed. Volunteers for this program have received specialized training and are identified as allies to the 2SLGBTQ+ community and/or people with living experience.

Reporting Relationship:

The Friendly Caller Volunteer will receive supervision, direction and support from both the Team Lead and Manager of Supportive Response Programs

Additional Information:

All those interested in applying for a volunteer role with our agency are required to submit the online application form with resume and references attached. All those that meet the requirements will be contacted for an interview.
